Rookie cornerback Greg Newsome II fell and hit his head on the last play of the team's final practice session and is out with a concussion on December 10, 2021.

A concussion is a type of traumatic brain injury or TBI—caused by a bump, blow, or jolt to the head or by a hit to the body that causes the head and brain to move rapidly back and forth. This sudden movement can cause the brain to bounce around or twist in the skull, creating chemical changes in the brain and sometimes stretching and damaging neurons.

Nick Bosa was evaluated for a concussion on Sunday. He was cleared and re-entered the game. Coach Kyle Shanahan said.

Browns hopeful Nick Chubb, Demetric Felton can return from concussion.

A short week is a tough time to get a concussion. It's rarely enough time for a player to get through the league's concussion protocol and play. That's what Cowboys receiver CeeDee Lamb is going through now. Lamb left the Cowboys' game against the Chiefs last Sunday; a game they went on to win.

Bills running back Moss cleared from concussion protocol.
