Queer Theory is heavily informed by Poststructuralist notions, but beyond that it is “interested in exploring the borders of sexual identities, communities, and politics” (Namaste 1994). Thus, we have that Queer Theory draws upon the methodology of Poststructuralism, but allowing gender and sexuality to form and inform its body of theory.

**14.1 Power and Authority – Sociology**

Because culture influences people’s beliefs and behaviors, culture is a key concept to the sociological perspective. Many sociologists are wary of biological explanations of behavior, in part because these explanations implicitly support the status quo and may be used to justify claims of biological inferiority.

**What is Culture in Sociology - Sociology of Culture**

The sociology of culture, and the related cultural sociology, concerns the systematic analysis of culture, usually understood as the ensemble of symbolic codes used by a member of a society, as it is manifested in the society. For Georg Simmel, culture referred to "the cultivation of individuals through the agency of external forms which have been objectified in the course of history".

Conflict theorists view social structure as inherently unequal, based on
power differentials related to issues like class, gender, race, and age. For
a conflict theorist, culture is seen as reinforcing issues of “privilege”
for certain groups based upon race, sex, class, and so on. Women strive for
equality in a male-dominated society.

Jan 16, 2012 · As this shift from the purely functional to the vast range of
potential social uses of clothing began to occur, one can see how the types
and styles of clothing began to diversify. In Western cultures, clothing
began to be managed both by the church and by the state, so potent was its
potential sorting power.

**Questions about Culture, Questions on Culture Sociology**

In social science and politics, power is the capacity of an individual to
influence the actions, beliefs, or conduct (behaviour) of others. The term authority is often used for power that is perceived as legitimate or socially approved by the social structure, not to be confused with authoritarianism. Power can be seen as evil or unjust; however, power can also be seen as good …
