the integration of knowledge from many of the areas in the field of Applied Linguistics, such as language acquisition research, teaching methodology, assessment, language description, and materials production. Combining sound research/theory with state-of-the-art practice, Language Curriculum Design is widely applicable for ESL/EFL language education courses around the world. This book is made for students of English as a Second or Foreign Language. Learning another language is never fast, but the Fifty Ways to Practice series will speed things up by showing you how to practice more efficiently and effectively both inside and outside the classroom. It is useful for beginning through advanced levels. You will learn 58 ways to practice and improve reading skills. By applying these methods, you will read faster and better, and remember information longer. You do not need to be living in an English-speaking country or be currently taking an English class to use this book. However, students who are already in a class can also use this book to study and learn more effectively. Using a framework based on principles of teaching and learning, this guide for teachers and teacher-trainers provides a wealth of suggestions for helping learners at all levels of proficiency develop their reading and writing skills and fluency. By following these suggestions, which are organized around four strands—meaning-focused input, meaning-focused output, language-focused learning, and fluency development—teachers will be able to design and present a balanced program for their students. Teaching ESL/EFL: Reading and Writing, and its companion text, Teaching ESL/EFL: Listening and Speaking, are similar in format and the kinds of topics covered, but no need to be used together. Drawing on research and theory in applied linguistics, their focus is strongly hands-on, featuring easily applied principles, a large number of useful teaching techniques, and guidelines for testing and monitoring. All Certificate, Diploma, Masters and Doctoral courses for teachers of English as a second or foreign language include a teaching methods component. The texts are designed for and have been field tested in such programs. China has attached great importance to teaching students to become proficient users of English. Yet, despite a plethora of studies and practice on Chinese ESL/EFL (English as a second/foreign language) learners, the large student population, its complicated composition and the complex nature of second and foreign language learning have rendered it difficult to offer a panoramic view on ESL/EFL teaching and learning of Chinese learners. This book provides a new and up-to-date perspective on the teaching and learning of Chinese ESL/EFL learners. The book collects 81 case studies, falling into two parts—Curriculum Development and Teaching Practice and Skills-Based Research. The collected studies display qualitative, quantitative or mixed methods to explore patterns, features, developments and causes and effects of a variety of issues in the sphere of ESL/EFL teaching and learning. Moreover, the cases offer insights that are relevant beyond the mainland Chinese context such as Hong Kong, Macau, Britain and Australia. Students and scholars of TESOL and applied linguistics will be interested in this title. TESOL Activities for Teachers is a teacher training manual and activity guide that has been used by teacher training groups from Korea, China, Japan, Iraq, Peru, Mexico and many other parts of the world as part of the popular TESOL Certificate Program: Teach English Now! from Columbia and Arizona State University. Designed to be practical, these techniques support the general need to communicate, interact, and make language come alive in the classroom. The manual is organized into 3 distinct parts. The first section introduces teachers to some of the most common activities in English language teaching, followed by activities categorized by reading, writing, listening, speaking, vocabulary, and other skills. The second section provides a unique model of lesson planning. This adaptable model helps teachers prepare organized routines to make classes more effective and easier to prepare. Includes activities for discussion, giving instructions, guided and free-guided practice, and independent practice. The third section includes downloadable, photocopiable worksheets for the activities described in the manual.
